Rick's Custom Fencing & Decking Donates $5,000 to New Vision Dance Club

Rick's Custom Fencing & Decking is proud to announce the donation of five thousand dollars to the New Vision Dance Club based in Hillsboro. The dance group lost all funding for their trip to New York City, scheduled for the end of this month, when their travel agency declared bankruptcy.

The team of 15 local students had raised $30,000 since last fall to which they had paid the agency. The funds raised were to go towards attending Broadway shows and to take dance lessons. With only one week to go until their departure to New York, the club has been putting on fundraisers in hopes of gaining back the money lost.

Marlene Stanley a long time Hillsboro resident, Vice President and owner of Rick's Custom Fencing & Decking, heard of the dance clubs misfortune and wanted to help. "When I heard about the New Visions predicament, Rick and I felt it was the responsibility of the community to pull together to help these kids out," stated Marlene Stanley. "We would like to challenge other businesses within the community to step up and help this worthy cause as well."
