### **Rick's Custom Fencing & Decking Donates Deck Materials to Help Boy with Cerebral Palsy**

**Vancouver, OR** - Rick's Custom Fencing & Decking is not only known for providing high quality products and customer service, but also for being extremely community oriented, which is why they have recently made a donation to Eric's Angels and L.E. Burgess Inc.

L.E. Burgess, a Clark County remodeling company, contacted Rick's Custom Fencing & Decking regarding a project that they were heading for Eric Robinette who was diagnosed with Cerebral Palsy when he was 6-months-old. Now at fourteen Eric faces new obstacles as he has outgrown the family's living quarters, which has made it more difficult for him to move around in his wheelchair. To give Eric a much-improved quality of life, L.E Burgess has remodeled the Robinette's home in order to accommodate Eric's wheelchair and the necessary medical equipment needed to make a life at home possible for Eric and his family.

L.E. Burgess, Inc., asked Rick's Custom Fencing & Decking for decking materials that were essential for the completion of their project with the Robinette family. L.E. Burgess had exhausted their resources with the interior remodel causing them to be short the necessary materials needed for a new deck that will allow Eric to have direct access to the yard and a new jetted hot tub which is required for his physical therapy. Without hesitation Rick's Custom Fencing & Decking stepped up to the plate and donated the remaining materials.

Rick's Custom Fencing & Decking hopes that their donation will improve Eric's quality of life and that he and his family will enjoy their new deck for many years to come.
