RICK'S CUSTOM PERGOLAS

Your yard has a personality - Let it shine

Our pergolas are custom tailored to bring out the personality of your home. Each structure is built to allow ever-changing patterns of light and shade to produce a spectacular effect without restricting the free flow of a welcomed breeze.

Unparalleled craftsmanship

Constructed of port orford cedar or vinyl, our quality Pergolas make a beautiful addition to any landscape and dramatic visual effects are achieved by accenting features present in the home. Relax and enjoy the beauty of your own backyard, in a shady private retreat.

Year-round performance

For customers wanting all the advantages of a pergola but needing the functionality of a weather proof cover. Rick's offers versatile Acrylite and polycarbonate panels that can be added to the top of most pergolas. Available in clear or tinted, panels can be installed perpendicular or parallel to the pergola rafters. Stay dry and let the light in.
