

Cedar Fencing

Solid Style

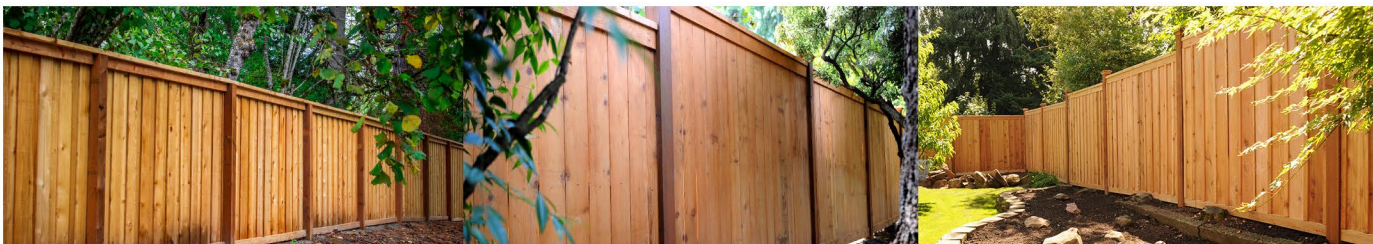

Our Solid Cedar Fence: Cedar boards mounted side-by-side with a minimal gap to allow for expansion and contraction. Finishing options include dog-eared boards , gothic-top posts or cedar post caps. Optional continuous fence top cap available (2"x4" or 2"x6")

Good Neighbor

The Good Neighbor style fence appears the same from both sides, providing security while offering a feeling of spaciousness. Finishing options include dog-eared boards, gothic-top posts or cedar post caps. Optional continuous fence top cap available (2"x4" or 2"x6").

Picture Frame

Our Picture Frame Fence: Cedar boards mounted side by side with a minimal gap to allow for expansion and contraction. Overlapped boards are optional. Fence boards are installed between the posts. Rails are place at the top and bottom of the fence and Horizontal 1x4's or 1x6's are placed at the top and bottom to finish the look. A 2x6 or 2x4 continuous cap is placed on top.

Picket

Made with cedar boards in four-inch widths. Height options available (3', 42" and 4'). Available in traditional pointed picket, ornate gothic top, or dog-eared.

Lattice Top

Our Solid Cedar Fence: Cedar boards mounted side-by-side with a minimal gap to allow for expansion and contraction. Finishing options include dog-eared boards , gothic-top posts or cedar post caps. Optional continuous fence top cap available (2"x4" or 2"x6")

Split Rail

The Good Neighbor style fence appears the same from both sides, providing security while offering a feeling of spaciousness. Finishing options include dog-eared boards, gothic-top posts or cedar post caps. Optional continuous fence top cap available (2"x4" or 2"x6").

Decorator
