0/200ALE - 2025

ARMADILLO DECKING

Fully Armored

Armadillo Decking's super hard exterior shrugs off scuffs and stains, and boasts superior resistance to fading.

How does it work? Armadillo Decking's HDPE "hardshell" is permanently fused to its composite core. The unique composition of the outer layer provides better control over pigmentation, resulting in a denser, richer color, with greater variation and a more realistic look and feel.

Eco Conscious

Armadillo Decking uses a proprietary mix of recycled wood pulp and high density polyethylene plastics (HDPE), derived from post-consumer recycled materials. Combined with rich colorant and UV stabilizers, Armadillo Decking is durable, beautiful, and eco-friendly.

50 Year Transferrable Warranty

Armadillo Decking will, under normal use and proper service conditions, remain free from material manufacturing defects, and will not check, splinter, delaminate, rot or suffer structural damage from fungal decay. That's why Armadillo stands by their product with the best warranty in decking!
